

Your Child Is Not Safe from the Global Elite's Child Trafficking Rings

The Common Sense Show

There is no greater nightmare than for a parent to lose their child. Subsequently, it is undeniably an inborn instinct for the majority of parents to guard their children's welfare with their lives. When we read or hear about parents who have lost children our collective hearts break for these parents and grieve for the lost children.

What do we as parents do when key public officials, large corporations as well as powerful governmental institutions the key players in both stealing and sexually abusing our children. In my years of investigating these heinous crimes against humanity, I have learned that many in the global elite do not view the abduction and sexual abuse of our children to be a crime. Our children are merely the sexual toys for many of the world's elite whether they be associated with the royal family of England, the Bush family, Dyncorps, Wachovia Wells Fargo, Blackwater (now Academi) or HSBC bank.

I have interviewed experts which have detailed stories of how our children are abducted by the various state run CPS' and then trafficked into sex rings which service such events as the Super Bowl. As recently as three months ago, the FBI busted a **child sex trafficking ring** associated with the most recent Super Bowl in New York City. The corporate controlled media reported the bust as if the problem was now solved. There are dozens of such sex rings who steal children, in one form or another, and then prostitute these children to various Super Bowl functions. Many times, these children are exploited right under the noses of NFL security and local authorities because it's good for business.

Monika and Dylan

Yesterday, I introduced the country to [Monika Wesolowski](#) and her five year old son, Dylan. I revealed how Dylan was stolen from his mother without provocation by Virginia's CPS, who in turn placed the boy with two gay fathers. Monika has discovered that the boy is being sexually abused and most likely sex trafficked. Comments from the two fathers about the boy's desirability and his cute blond hair have been made to the mother during visitations.

Equally disturbing, I revealed how Illinois CPS' tried to coerce Monika's parents to sign an affidavit which implicated Monika for abusing her own child. The Illinois CPS officials made clear statements which clearly demonstrated that Illinois CPS officials were working hand in glove with Virginia CPS officials to permanently remove Dylan from the custody of his mother. If one takes the time to investigate the self-appointed authority of Obamacare to control all 50 CPS organizations across the country, through a Human Health Services, United Nations inspired 110 page field manual, it is easy to establish collusion between Illinois and Virginia CPS' in the theft and sex trafficking of children.

The public encourages government to step in and remove endangered children from abusive parents. However, all too often, as is the case with Monika and Dylan, the CPS is there to fabricate charges of parental wrongdoing and place the child in foster care where children all too often, as was the case in Oklahoma, disappear by the dozens.

I do not say this lightly. When CPS officials show up at your door, you must view them as federal abduction officials who are there to procure your child for possible use as a sex slave in child sex rings run by the elite, which profit the elite and service the perverse needs of the elite.

The following paragraphs will detail how pervasive and murderous are these global elite child sex rings.

Jerry Sandusky

A picture is worth a thousand words.

Most Americans think that when former Penn State football coach, Jerry Sandusky, received a 30 to 60 prison term after being found guilty on 45 counts of the sexual exploitation of minors, that the case was closed. And that is what the global elite controlled sex trafficking industry with their allies in the corporate controlled media would have the public believe.

Sandusky was first accused of sexual abuse of a minor in 1999. The case was investigated by local police, referred to Centre County's [District Attorney](#), Ray Gricar, who refused to press charges despite the fact that the mother of the alleged victim had voicemail tapes and tape recordings of Sandusky and her son and their sexually explicit conversations. However, at a later time, the formerly rejected case, as well as other Sandusky victims resurfaced in 2005 and Gricar reopened his investigation. Shortly thereafter, on his day off, [Gricar went missing](#) and his body has never been found. His laptop was found in a nearby creek, but none of the data could be retrieved according to the FBI investigative [report](#).

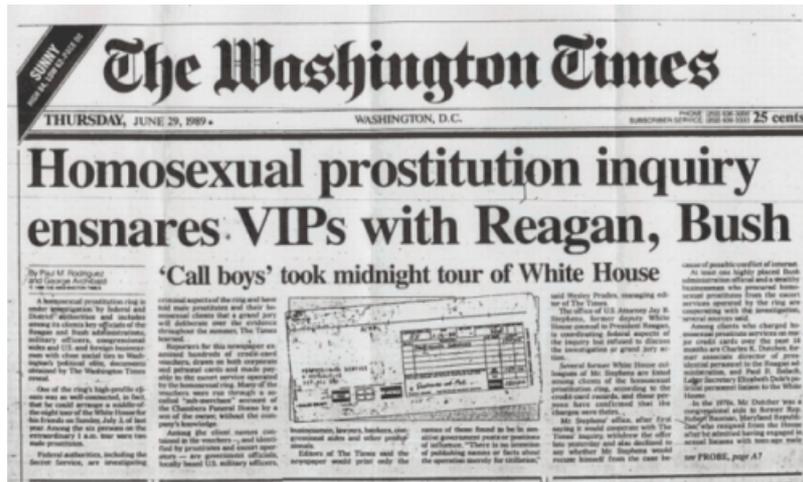

This DA. Ray Gricar, dared to investigate Sandusky and Second Mile and paid for his efforts with his

life.

Gricar was declared legally dead in 2011, after the Sandusky scandal surfaced. The investigation of the apparent kidnapping and murder of Ray Gricar could politely be described as **incomplete**. Gricar's fate is an all too common fate experienced by whistle blowers and investigators into the **controlled** world-wide pedophile ring.

The corporate controlled media was all too eager the Sandusky case until The Second Mile Foundation surfaced and the Gricar disappearance came to light.

How quickly we forget!

Jerry Sandusky's "The Second Mile Foundation" was recognized as one of President Bush's top "1000Points of Light." Interestingly, Marvin P. Bush is on the National Collegiate Athletic Association Board of Directors which helped make the selection. Former president, George H. W. "Pappy" Bush is no stranger to accusations of pedophilia as evidenced by the accompany headline adjacent to this paragraph.

The board members of the Second Mile Foundation have not exactly been forthcoming with evidence against Sandusky during the trial process. These same board members have not uniformly disavowed the actions of the Sandusky created entity which was responsible for pimping out children. The board members have not totally disavowed the organization's complicity in these heinous crimes by resigning. The overall silence of the following board members should give anyone cause for concern.

Do the above mentioned board members of The Second Mile Foundation expect a naive public that from 1977 to 2011, that absolutely no Second Mile official, nobody at all, except for the abused children and Sandusky, had any knowledge of the abuse? Keep in mind that these young victims were pimped out in broad daylight.

What about Ray Gricar? How does a District Attorney, who has shown interest in the Sandusky case, go missing and it does not trigger an internal investigation from the identified board members? The best case scenario is that these individuals are guilty of depraved indifference to the heinous crimes committed by Sandusky et al. The worst case scenario suggests a possible cover-up at the highest levels of this organization.

The fact also remains that former District Attorney, Ray Gricar, is dead and there is no outrage. The obvious connections between Sandusky and Second Mile have been largely ignored by the corporate controlled media and stunningly, no investigation in conjunction with the obvious interconnections between Sandusky, Second Mile and Gricar's disappearance has been conducted.

Please take note how quickly the Sandusky affair disappeared following the revelation of Second Mile's involvement in child sex trafficking.

Former Georgia State Senator Nancy Schaefer

Former Georgia State Senator, Nancy Schaefer was an outspoken opponent of CPS. Schaefer authored an [investigation](#) in which, among other findings, revealed the following:

"...the separation of families is growing as a business because local governments have grown accustomed to having taxpayer dollars to balance their ever-expanding budgets.

*The Adoption and the Safe Families Act, set in motion by President Bill Clinton, offered cash "bonuses" to the states for every child they adopted out of foster care. In order to receive the "adoption incentive bonuses" local child protective services need more children. They must have merchandise (children) that sell and you must have plenty of them so the buyer can choose. Some counties are known to give a **\$4,000 bonus for each child adopted and an additional \$2,000 for a "special needs" child.** Employees work to keep the federal dollars flowing.*

The National Center on Child Abuse and Neglect in 1998 reported that six times as many children died in foster care than in the general public and that once removed to official "safety", these children are far more likely to suffer abuse, including sexual molestation than in the general population.

That according to the California Little Hoover Commission Report in 2003, 30% to 70% of the children in California group homes do not belong there and should not have been removed from their homes.

...poor parents often times are targeted to lose their children because they do not have the where-with-all to hire lawyers and fight the system. Being poor does not mean you are not a good parent or that you do not love your child, or that your child should be removed and placed with strangers."

In this document, Schaefer makes it clear that organizations, such as The Second Mile, procure their underage victims by making children wards of the State. CPS has unchecked legal authority to remove children, with or without cause. Subsequently, CPS and their partners, the corrupt juvenile court judges can place these children wherever they see fit (e.g. The Franklin House, Boys Town, Elm House, The Second Mile Foundation) where unimaginable horrors take place.

Given the deaths of so many people who have tried to expose this international conspiracy, do I think that Monika and Dylan are in danger? Without question, they are in danger. Their best protection is the light of day. Therefore, I would ask that you would circulate this three part series far and wide.

Conclusion

In the last part in this series, I am going to expose just how high this problem goes and the public officials who are involved is shocking.

Short of uncontrolled vigilantism directed at those who would dare steal our children for such nefarious purposes, I do not have any hard and fast answers as to what we can do, but we must do something because there are a number of Monika's and Dylan's out there and their numbers growing exponentially.

Disgusting pieces of trash, using their positions of power and illegitimate authority to pimp children out. Is it any wonder that bathhouse Barry is our pedophile and chief.

Ms. Kim May 18, 2014 at 6:41 am

Dave, thank you so much for bringing this story into the light. It is both shocking and heartbreaking! We must first pray, pray, pray. I think "what can I do?" And I at least can do that. Then we must listen for the Lord's leading as to what to do next. We can at least share these articles with everyone we know. Thanks again Dave for your courage. God help us all!

Dave, to add insult to injury, way back in 1994, Yorkshire Television did a documentary through the Discovery Channel called "Conspiracy of Silence". This was about child sex abuse and child sex slavery for the elite of this country, but primarily focused on politicians and bankers from Nebraska. A few hours before going on the air, very powerful people in Washington D.C. found out they were going to be implicated, so they put the squeeze on Discovery and the documentary was cancelled, never to be revived. Mr. Hodges, what eternal damage have we done to our souls by paying taxes to support this government all these years? One truly has to wonder...may Christ our redeemer forgive us.

This is the last straw

The child sex slave market, sponsored by the elite, through the government agencies is just too much. This is surely the straw that breaks the camels back.

A parent is at a loss to know what to do – the government is not a parents friend or protector of children. The deck is stacked against them with only helplessness to cope with. Such evil should be dealt with like cattle thief's were in the 1800's, strung up to the nearest tree.

Criminals of the old west were saints along side these inhuman creeps.

What is wrong with the government – have they gone completely insane?

Open season is too good for them – why are the people standing for this attack on their innocent children? Thanks to Dave the story is out in the open. Maybe some of the people will go out hunting for elites and their suppliers. No need to bring law suits, the insiders will just excuse them and may even put out a contract on anyone that files a suit against an elite child molester.

We already have uncontrolled vigilantism. The vigilantes are all cops. They're on the side of the criminal elites and CPS, though. They're heavily trained to view children as dangerous and parents as terrorists.

TTS May 18, 2014 at 11:00 am

The fact in the matter is these people are all pedophiles or accessories to crimes against children. The only answer is to use deadly force when the children-rapers and their accessories come to your door.

Jesus said: "let the little children come unto Me, and do not hinder them, For the kingdom of God belongs to such as these. Truly, I say, Anyone who will not accept My Kingdom as a child will never enter it" -Mark 10

"If anyone hurts one of these LITTLE ONES, it would be better for them that a giant millstone be hung around their neck and they be cast into the sea" -Mark 9

The pedophiles will get what they deserve, either at our front doors, or when Jesus Christ gets His hands on them. Mark my words.

Dave, I literally know only five lawyers who are good, who fight the system. I happen to know hundreds, as my ex is a biglaw partner and we had a nine year court battle.

Monica needs to call Carolyn Kubitschek, a lawyer who knows the depths of evil of CPS. Mrs Kubitschek has argued against CPS in the SCOTUS. Lanser & Kubitschek 212..349.0900. Also, DV LEAP, Joan Mier, might have recommendations and she is in the DC area. Although she specializes in DV, she is part of the network

of good lawyers helping desperate moms across America (and Dads).

I wish Monika luck, she needs to pull off the gloves and fight. You were spot on Dave, to view CPS as child kidnappers coming to steal your kids. They are evil, beware.

Sad to see....Let's pray for this to stop: May Archangel Michael protect our children from child abductions and abuse, and may he bind and expose those who are the abusers. In His great name, I AM, it is done. Amen.

"....it is undeniably an inborn instinct for the majority of parents to guard their children's welfare with their lives."

Then why is it that parents are so eager to ship their children off to be trained by the US military? Parents will fight tooth and nail to protect their child when he is 17 years, 10 months of age but the moment he turns 18 he'll gladly turn him over to the military industrial complex. There he can be brainwashed and taught to kill and maim. There he can fight unjust wars and return home with PTSD, suicidal tendencies and perhaps traumatic brain injury. Guarding "their children's welfare with their lives"? That's laughable.

Of course this is a problem because we've aided and abetted the creation of a system which allows government to take control of our children's lives. We hand them over to government schools to be inculcated into believing in the state. We hand them over to the military to wage war and line the pockets of the bankers and corporations that foment war.

There is zero difference between Child Protective Services and the Department of Defense and the Department of Education. They all three abuse our children and most of the time we support their endeavors.

I told you a while back, HOW MUCH MONEY is involved in the selling of children, and which ones bring the most money, BUT NOTHING CAN BE DONE, LEGALLY, the American people JUST DON'T CARE, and their not going to put their butt on the line for anyone's children, not even their own, THAT IS WHY, if you want your children safe, YOU'LL have to save them your self, THE ENTIRE SYSTEM is ROTTEN, from top to bottom, inside and out, AND THE AMERICAN PEOPLE will never stop supporting it, TILL THEIR BLACK FLAG DEAD, ...and anyone who has lost a child, needs to think about that, YOU either get them back on your own, or write them off, as gone... REMEMBER there's no difference between a car thief and a KIDNAPPER, ...TILL THEIR

CAUGHT,heres a little piece of advice,CATCH THEM,then take them some where and have a chat with them,SAY NAILING THEM TO A TREE ,and start cutting pieces off them,you might be surprised how well that works,they will tell you their life story and who ALL their friends are..OR JUST count your child off as a lost,and do nothing,cause thats what the POLICE GANG will do if anyone they know is involved.....

William B Stoecker May 18, 2014 at 12:53 pm

Okay, I'll try one more time to post a comment. Maybe it will work this time. Aside from the fact that Bathhouse Barry is now our Unpresident, there were some allegations that George II had a regular boyfriend. And then there was the Franklin Savings and Loan case, where a fraud investigation uncovered evidence of child sex trafficking, mostly homosexual, involving politicians from both parties, as well as military personnel, banksters, and corporate CEOs. And, speaking of the military, there was the Presidio day care scandal, and the strange case of Michael Aquino, an openly Satanist officer (which was just fine with the Army), who just happened to be stationed at the Presidio.

And of course the various members of the Bush dynasty, along with many more of our glorious leaders, attend gatherings at the Bohemian Grove, which even Richard Nixon described as "faggoty." All of these monsters need to be terminated with extreme prejudice.

FOR many years I told everyone, THE DAY IS COMING when everyone realizes,IT WAS THE CHILDREN THEIR AFTER,they could care less about the america people ,THEIR way to stupid to ever stand up,BUT that doesn't mean you have to just lay down,THERES LOTS and LOTS of GUYS out there that could use an extra few hundred bucks,and taking down child molesters and kidnappers is one they wouldn't mind doing,AND THE US MILITARY TRAINED THEM,on how to go about it,so if you have no other way of dealing with out of control government AGENTS,talk to your friends,I'AM sure they know someone who would LOVE to help you out.....

sarai May 18, 2014 at 1:23 pm

When I was growing up in the 50's and 60's, if a person broke into a country persons smoke house or store house of food put away for the winter, it was socially acceptable for the country person to shoot the thief. Because the country person would have no food for the winter, and would starve, if their food was stolen by a thief. And, the country person didn't go to jail for shooting the thief either. Most people to include law enforcement felt like ... 'well, good the thief got shot. I'm glad he didn't get my food.'

People that stole cattle or especially horses were still found hanging by their necks in a tree, in some backwoods southern towns. And, nobody looked for the hangman. Because no one cared if a person stealing a man's food, lively hood, or transportation, was hung. They were glad to get the bad guy out of the way.

Now, imagine if someone had stolen one of these country people's children. What would they do? I think older people might know, and younger people could guess.

That's what we do now. The same as people in the 50's and 60's. You know back in the day, when right was still right, and wrong was still wrong.

Kidnapping, Rape, Murder, all were capitol offenses caring the death penalty. And, if the government law enforcement couldn't or didn't take care of a person committing one of those offenses ... Grandpa, or other male family members did.

Few child agency workers kidnapping children are willing to die just to steal another man's children.

But, it's up to every man to fix wrong. To say "NO, you want take my children."

And, just in case the men folk aren't home, when these kinds of offenses are occurring ... well, Granny's got a gun. And, she and her girls know how to use it.

There are some that understand nothing but force. They live by the sword and die by the sword. And, they will never give up power in government. It will have to be taken from them.

I hope our good military acts soon to defend our country against domestic enemies. Starting in Washington D.C..

Cut the head off the snake, and the snake dies.

Thank you Mr. Hodges, for taking the time to research and write articles like this. It amazes me the number of people who are completely unaware of activities of this nature. On the other hand, the average person watches corporate-controlled news, who rarely honestly report on this ubiquitous issue. May God protect you and your family, because you are an honest, brave man.

Ken May 18, 2014 at 1:55 pm

Hi Dave,

Thanks for writing about this topic and taking the risks in doing so. In the Old Testament, people physically sacrificed their children to Moloch or other pagan gods in order to gain health and prosperity. In today's world, we sacrifice our children in order to have wealth and prosperity. Many households have the father working two jobs and the wife working at least one with no one to watch for their children's health and safety.

Our children are left unsupervised and uncared for. No wonder they are easy targets for perverts and wickedness.

When the wicked are organized, it is worse as in the case of CPS. If there are any parents out there reading your articles and not cringing and changing their whole perspective on keeping the children safe, then the family unit is dysfunctional and we should all be on our knees praying for forgiveness and restoration. In my mind, I cannot begin to understand a government (or organization) that would purposefully engage in such wicked and demented actions as to steal children for pleasure and/or profit. How far down the road of sin have we come as a nation (under God?) for these things to be a part of our culture not and rise up in righteous and holy anger until all of these people, organizations and governments have been held accountable???

God says to all if sin lies at your door, then deal with it, and He will not deal with it in His Righteous Anger! Gn 18:25 "Shall not the judge of all the earth do right?"

Jack May 18, 2014 at 2:24 pm

Thirteen years ago I wouldn't have believed not one word of this most likely undercover government run article. You see, I ran a successful business, paid 1000s in state and fed taxes every year, gave to my community, thought everyone was out for not only my best interest but certainly a child. I gave to the chamber, the police, their balls, anything to help keep our community thriving and safe, so it came as a shock when I needed them, they seemed not to know me or care. Then I watched the state of VA hand over a six year old to a convicted felon with a history of hard drug abuse, felony assault, and theft just out of jail compared to the other parent that had not even a parking ticket, i knew at that moment. You can't stop the evil, its here to stay, there are simply too many, they are everywhere, in every crack in every crevasse.

The hungry wolves look for the vulnerable member of the Herd. One little innocent calf of the herd, unprotected by its parents, is singled out by the wolves. In this Herd, the young are protected by both the Male and Female. When the Nazi's made war on the innocent Jewish people as History attests, they first REMOVED the Menfolk, leaving the Womenfolk and children vulnerable and helpless. They either shipped the Men off to a work camp, leaving their wives and children unprotected. Any time you break up families for whatever reason, now you can control them, persecute them, hammer on them. The horrible history of the Third Reich show HOW the satanists laid the groundwork for the destruction of societies to the PROFIT of those in "authority". If you read the book, Hitler's Beneficiaries, written by Goetz Ally, you will discover that the persecution of the Jews was largely driven by the desire of non-Jews to steal their assets, exploit them, rob them. Yes there was an ideological side of that persecution, but the ideology was drive by GREED. as History attests.

In today's modern Socialist American Nazi State, the "new jews" are the POOR, who cannot afford an attorney or situations where families have not remained united due to death or divorce, wherein one estranged divorced spouse LIES and accuses the other innocent divorced estranged spouse of "abuse" or "malfeasance" in how they treat their common children, of which are LIES of course.. I know of what I speak. I was a victim of such "accusations", which caused me to totally LOSE my children now going on 14 years. My attorney WARNED me that my ex would lie in Court and induce our children to LIE. CPS would be called in, the children would be taken and I might go to jail for a long time. Never mind the FACTS. Never mind the evidence. Never mind the TRUTH. What I read here enrages me. But resorting to VIOLENCE plays right into their hands. You essentially PROVE that you are the nut case they are accusing you of. So, you sit silently by, do the best you can and hope that one day, the LORD GOD will make it right. With the horrible abuses of the Nazi's, He did. And I am confident that this Nazi "Welfare" State will also be handled by His Matchless Power in time.

I have read many articles about the elite's involvement in pedophilia but I have not seen an analysis of why they sexually abuse children. Is there a causal link between power and pedophilia. Has any research been done on this? I know the practice of pedophilia has ties to the occult but it is still incomprehensible to me that rich and famous men and women are doing this and getting away with it.

Crimes against children are so heinous that accused pedophiles like members of the elite pedophile ring, Sylvain Kustyan, Jerry Sandusky, etc. must be apprehended before they have years to continue to destroy young lives. Sandusky is now safely behind bars. But unfortunately, Kustyan, who has been formally charged with two counts each of 1st Degree Sodomy and Sexual Abuse of a ten-year-old little boy, fled to avoid imminent arrest. Kustyan, formerly of Tuscaloosa, Alabama and Hermin/ Mazingarbe, France, as an English teacher, has led numerous groups of schoolchildren on trips to the US, the UK and Ireland.. Pedophiles condemn their victims to a lifetime of emotional and psychological trauma and often permanent physical ailments as well. Since the average pedophile has 300 different victims in their lifetime and since the recidivism rate among pedophiles is virtually 100% and since there is no effective treatment and no known cure they must be stopped ASAP!

i cannot even believe, that for so many years, in this constitutional republic that an agency like CPS is even ALLOWED to exist. they are mostly evil & filthy & disgusting SCUM but at the very least so unConstitutional that they can TAKE children even on a first visit if they feel there is "immediate danger" of some kind. this is so sick & so unAmerican it is mind boggling.

satan satan satan has brainwashed & occupied so many of the "elite" it is sick, yes including scumbag GHW Bush (sr) etc.

Just when you think things cannot get any darker you are presented with information like this story! I have come to the conclusion the false reality we are given by our schools, churches, government, and news media is one big lie. A lie told with purpose. There is a very evil group of beings who control the evil circumstances that surround us. I say beings because I do not believe they are human beings but Nephilim or the descendants of fallen angels and human beings. Nephilim are evil by their very nature and are damned by God.
